

Purpose

This Privacy Policy explains how we collect, use, and protect your personal data.

Data Collected

We may collect:

- Name
- Email address
- Phone number
- Auto-fill form data

Collection methods: by contacting us through forms, chat widgets, or by calling our company number.

Use of Data

Data may be used to:

- Respond to inquiries
- Send service-related updates
- Provide SMS/text message notifications about our services

Data Sharing

- **Employees:** Only those who require access to perform their duties.
- **Third parties:** We will not sell your personal data. Data may only be disclosed if required by law or in business transfer scenarios.

SMS/Text Messaging Policy

By contacting us via form, chat widget, or phone call, you consent to receive text messages from ONEK VENDING regarding services, updates, and promotions.

You understand and agree that:

- Standard message/data rates may apply.
- Consent is not required as a condition of service.
- Automated technology may be used to send messages.
- We will not share your phone number without consent (unless required by law).

Opt-In:

By submitting your phone number through our Site's form, chat widget, or calling our company number, you agree to receive SMS communications.

Opt-Out:

You may stop receiving messages at any time by replying **"STOP"** or **"UNSUBSCRIBE"**.

Data Retention & Security

- Data is stored only as long as needed for its intended purpose.
- Stored securely with encryption and restricted access.
- While we take precautions, no system can guarantee 100% security.

Children

We do not knowingly collect data from children under 13. Parents may request deletion of such data if submitted.

Cookies

We use:

- Analytical cookies (to improve site experience)
- Third-party cookies (for ad personalization and tracking preferences)
- Users can disable cookies in their browser settings.

Do Not Track

We do not respond to DNT signals from browsers.

Modifications

This Privacy Policy may be updated as needed. Users should review periodically for updates.
